

Corporate Partnership Program

Why Your Support is So Important

46,000 people are food insecure in Boulder and Broomfield Counties.

That includes nearly 12,000 children. It may be surprising to learn that even in our own vibrant community, people are in need.

Food insecurity is a year-round issue, and we need your help. While the magnitude of the problem can be overwhelming, it is important to understand that even small acts of generous support can make a lasting impact on our community.

Serving the community since 1981, Community Food Share distributes nearly 10 million pounds of food annually — enough for 22,500 meals a day. We are a proud member of Feeding America.

\$1 = 3 Meals

Get Involved

[Corporate and community partnerships](#) are critical to the success of our mission, by helping us reach our fundraising goals while inspiring others to give.

We are fortunate to be surrounded by examples of strong, multi-level corporate and community partnerships, resulting in hundreds of volunteer hours and donations of thousands of dollars and pounds of food.

We are always looking for new ways to involve companies and businesses, their employees, and their customers in fighting hunger.

Compete — May 7-23, 2018

Demonstrate corporate social responsibility while boosting employee engagement!

[Compete to Beat Hunger Corporate Challenge](#) is a friendly competition among a group of local companies, to raise dollars and collect food for Community Food Share. Organizations of all sizes participate and Corporate Challenge is customizable to work within your organization. Winning companies receive prizes (and bragging rights)! Plus, employees learn about local hunger and poverty issues through grassroots involvement.

In 2017, 36 companies, with 10,000 employees, raised \$522,000 and collected 87,000 pounds of food! This provided 1.6 million meals to those in need of food assistance in our community.

[Don't miss Corporate Challenge.](#)
[Be a part of something great!](#)

Volunteer — 1 hour provides 80 meals

[Volunteers](#) are the backbone of our operation. 4,500 people (and 200+ groups) volunteer with us every year, providing 43% of our labor. They power every aspect of our operation.

Volunteering as a group is an effective way to build camaraderie and teamwork with employees! We offer opportunities for groups of all sizes. Consider incorporating it as part of your new-hire orientation.

Engage

Education connects employees to our mission and helps them understand WHY their engagement is so important.

Schedule a [Lunch & Learn](#) or [warehouse tour](#) for your team or service club! We will provide a speaker and discuss ways to be involved.

Or, energize your colleagues by sponsoring a [food and fund drive](#), and make them proud to work for a company that supports important work in the community. Consider a company match for your drive.

Sponsorship & Corporate Philanthropy

Multiple levels of sponsorship are available for our signature, special events. Or, underwrite a Community Food Share program, help cover food procurement costs, or make a general gift to support our mission. Let's talk!
